

RATE SCHEDULE

SMALL COMMERCIAL – RATES 9 - 16

Availability

Small Commercial Service is available to members where installed transformer capacity is less than 50 kva in accordance with the Cooperative's Service Rules and Regulations for the following purposes:

- (1) for commercial, industrial, farm, stock water pumps, fence chargers, barns, churches, public buildings, petrochemical uses, drip irrigation controller; and
- (2) not for irrigation type service, seasonal agricultural processing type services, or pumping crude oil from the ground.

Character of Service

Single or Three Phase Service at the Cooperative's standard voltages where available.

Monthly Rate

Each billing period the Member shall be obligated to pay the following charges:

- (1) Service Availability Charge \$26.00 per meter

This charge is an availability charge for providing electric distribution service and does not include any KWH's of energy; and

- (2) Regular Energy Charge \$0.08065 per KWH

This charge for the delivery of energy shall be applied as follows:

(a) Basic Commercial – RATE 9

Regular Energy Charge will be applied to all KWH usage during each billing period.

(b) Commercial with Electric Water Heating – RATE 10

When a Member regularly uses a permanently installed 240 volt, 30 gallons or greater, storage type water heater of not greater than 5.5 kilowatts, individual rated capacity, the first 800 KWH's will be billed at the Regular Energy Charge and the next 500 KWH's will be billed at \$0.05595 per KWH. All additional KWH's used will be billed at the Regular Energy Charge.

(c) Commercial with All-Electric Space Heating – RATE 11

When a Member regularly uses a permanently installed space heating equipment of an aggregate rated capacity of 3kw or more, excluding bathroom heaters, billing during the winter months will be the first 800 KWH's at the Regular Energy Charge and all additional KWH's will be billed at \$0.04875 per KWH. Winter months are defined as being the billing months of October, November, December, January, February and March.

(d) Commercial with All-Electric Space Heating & Water Heating – RATE 13

When a Member has **water heating** in combination with all-electric space heating, during the winter months the first 800 KWH's will be billed at the Regular Energy Charge, the next 500 KWH's at \$0.05595 per KWH, and all additional

KWH's at \$0.04875 per KWH. Winter months are defined as being the billing months of October, November, December, January, February and March.

(e) Commercial with Dual Fuel Heat Pumps – RATE 15

When a Member regularly uses a permanently installed heat pump as the primary heat source for the entire residence in conjunction with gas or oil fired furnace for extreme cold weather back-up, billing during the winter months will be the first 1000 KWH's at the Regular Energy Charge and all additional KWH's will be billed at \$0.04875 per KWH. Winter months are defined as being the billing months of October, November, December, January, February and March.

(f) Commercial with Dual Fuel Heat Pumps & Water Heating – RATE 16

When a Member has **water heating** in combination with an add-on heat pump, during the winter months, the first 1000 KWH's will be billed at the Regular Energy Charge, the next 500 KWH's at \$0.05595 per KWH, and all additional KWH's at \$0.04875 per KWH. Winter months are defined as being the billing months of October, November, December, January, February and March.

Minimum Charge

Each billing period the Member shall be obligated to pay the greater of the following charges as a minimum, whether or not any energy is actually used:

- (1) The amount stated in any agreement with the Member; or
- (2) The Service Availability Charge.

Billing Adjustments

This rate is subject to all applicable billing adjustments.

Terms of Payment

Each bill for utility service(s), regardless of the nature of the service(s), is due 16 days after issuance unless such day falls on a holiday or weekend, in which case payment is due on the next working day. **If full payment is not received in the office of the Cooperative on or before the day such bill is due, the entire Member's account will be considered delinquent and subject to disconnection.**

Line Extensions

The Cooperative will make line extensions in accordance with the applicable line extension policy.
